

Updated COVID-19 information as per Ontario Government protocol & recommendations

Please be advised that as of Tuesday May 19th, 2020 we will be providing all of our regular services – maintenance and installations. Our office is still closed to the public, in order to help maintain social distance. However, if you are needing to purchase a filter in person, please contact the office beforehand and we will make arrangements for curbside pickup.

We are still maintaining social distance while in customer's homes and or businesses. Our technicians wipe down their tools each day. Debit/credit card machines are wiped down after each transaction. Our technicians will wipe down all touch points, such as the thermostat with disinfectant prior to leaving your home/business and/or wear protective gloves when touching touch points. If you wish the technician to wear a mask, just ask and they will. We are wanting to keep you, our valued customer and our technicians healthy.

We thank you for your co-operation and for your valued business.

The Staff of Peterborough Refrigeration
